

MNOZIL BRASS - PHOENIX

Bruce became Caitlyn.
Raider became Twix.
Pandæmonium will become Phoenix.

To begin with the programme "Pandæmonium" in the era of social distancing is no joke - even for experienced brass players like us.

That's why we're now sailing under a new flag and renaming the program "**PHOENIX**".

And we won't waste time on melancholy but blow our way out of the ashes with good cheer.
